# HALLOWEEN 2020

## SAFE-ISH PLANS!

Considering the circumstances of this year, getting together with friends has been extremely difficult to do under safe conditions...

With limited people, and maintaining "social bubbles," here are a couple of ideas!

## OUTDOOR MOVIE NIGHT

Set up a projector, a screen/sheet, seating, small circle of friends, personal seating on blankets or bean bags, snacks, and a movie!

## DRIVE THRU MOVIE

Distanced from others (aside from the homies), drive thru food, comfortable, and most of all Convenient!

## POWERPOINT PARTY

A PowerPoint party is a party where attendees craft and give presentations on topics of their choice! Themed costumes, Q&As, movies, books, anything!
